ROCK
GARDEN
PERENNIALS

This catalog is worth reading thru from first to last. It is not possible to emphasize on the first page all the exceptional items it contains and there are more unusual and choice rock garden plants listed herein than in any other catalog of its kind.

We wish to emphasize the fact that all the plants listed are hardy anywhere in this country and very few are difficult.

We guarantee safe delivery in good condition.

Three plants of one variety may be ordered for 2½ times the unit price; five plants of one variety for the price of four.

ARTHUR H. OSMUN

57 SANDFORD AVE.

PLAINFIELD, N. J.

It's a lot more cheerful to give than to have it taken away from you; the more Defense Bonds you buy the less the government will have to take; your part may be comparatively small but remember that there are 130 million of you and many a 'mickle' makes a 'muckle.'

Of Special Interest

You will find in these pages over fifty choice rock garden perennials not listed in any other catalog; below are some of those which we consider especially good.

Two new **ERIOGONUMS**, **E. PIPERI** and **E. FLAVUM** are worthy companions to **E. OVALIFOLIUM** on Page 4.

LESQUERELLA ALPINA is a new gem from the Northwest. Page 6.

PENSTEMON are amongst the more interesting plants and the dwarf varieties are particularly adapted to rock garden usage; you'll find some new varieties listed on Page 8.

If you like tiny things you'll adore **PHLOX HOODII** on Page 8 and just as tiny **DIANTHUS SPICULIFOLIA** on Page 4.

PHLOX STOLONIFERA is a ground cover that really covers the ground and has a beautiful flower besides. Page 8.

DODECATHHEONS lend a happy note to any sort of garden. Page 4.

If you like a splash of fiery red in your garden plant **SILENE VIRGINICA**. Page 9.

Actinea Acaulis —Page 3	Douglasia Montana —Page 4
Globularia Nana —Page 5	Gentiana Porphyrio —Page 5
Corema Condadii —Page 2	Geranium Subcaulescens —Page 5

and many desirable rock garden ferns on Page 5.

We have many wild flowers which we do not list; if you are interested write us about them.
